

PRESS RELEASE- for immediate release

Langen Packaging Group Introduces the *Langen Automatic Magazine Loader (AML)*

Mississauga, Ontario – (November 2010) – Langen Packaging Group introduces the latest innovation for boosting *cartoning line efficiencies*. The *Langen AML* includes standard features to improve ergonomics, increase uptime and boost line efficiency.

Focus on improving overall cartoning line performance, the *Langen AML* automatically loads folding cartons onto the carton magazine of end load cartoners resulting in improved ergonomics, enhanced cartoning line performance and reduced labor requirements.
